The Big Five is a theory of personality traits that identifies five distinct factors as central to personality. Here's an overview of this OCEAN model.

### **Big Five Personality Traits: The OCEAN Model Explained**

Neat, mine was linked. I haven't updated it in a couple days, but then again, there's not much that needs to be updated. I will say I'm rebuilding it in the background to make it more user friendly, and to give more stats in regards to the effects of growth modifiers and fertilizers, but this likely wont be done for a week or two, as I am going ...

The "big five" are broad categories of personality traits. While there is a significant body of literature

supporting this five-factor model of personality, researchers don't always agree on the exact labels for each dimension.

The Big Read was a survey on books carried out by the BBC in the United Kingdom in 2003, where over three quarters of a million votes were received from the British public to find the nation's best-loved novel of all time. The year-long survey was the biggest single test of public reading taste to date, and culminated with several programmes hosted by celebrities, advocating their favourite books.
