The Modern Law of Evidence is a lucid, engaging, and authoritative guide to this fascinating area of study. Straightforward and practical in approach, it also provides concise and focused analysis of the theory behind the law, with an emphasis on recent discussion and current debates.

The Modern Law of Evidence: Amazon.co.uk: Adrian Keane

Evidence is the information which provides grounds for belief that a particular fact or set of facts is true. It is not always true that all the evidence attained is correct and all the inferences drawn from them are true. Perfect knowledge is unattainable in an imperfect world. The law therefore has to be satisfied by degrees of probability of accurate truth finding. RELEVANCE AND ...
