A learning curve is a graphical representation of how an increase in learning (measured on the vertical axis) comes from greater experience (the horizontal axis); or how the more someone (or something) performs a task, the better they get at it.

Replaced with Series VSX. The Series VSC is a double suction pump that has a vertically split casing perpendicular to the pump shaft. The suction and discharge flanges have been rotated 90 degrees to face up, resulting in an extremely compact, space-saving design split case pump.
