The future, if trends persist. As the Middle East closes itself off to the rest of the world economically, it will return to its old power patterns. The two Core states will compete for control of new borderlands, while the Periphery will reshape itself to become an appendage of one of the two Cores.

connected future of commerce. Emerging trends in consumer behavior are driven by the growing population of millennials and generation Z, and collectively they now make up the largest group of global consumers. These two groups differ marginally in preferences; millennials are more price sensitive and value-driven than gen Z, whereas gen Z are more focused on a brand's social responsibility ...
